

## **SIGN UP NOW FOR SIMULATION LAB SKILLS TRAINING IN CONJUNCTION WITH THE VERMONT EMS CONFERENCE**

Work in real time with trauma/EMS physicians and PAs using high definition mannequins in 4 scenarios: two medical emergencies, a trauma emergency and a mother/pediatric emergency. Think critically through complex cases while performing level-appropriate procedures, including airway management, ACLS management, delivery, neonatal resuscitation, and many others.

November 1: 8:30AM-12: 30PM (EMT) and 12:30PM-5:00PM (AEMT)

November 2: Paramedic (morning and afternoon)

**SimLab will be held at the University of Vermont Medical Center  
(Transportation is provided from the EMS Conference).**

Space is limited to 16 students per session. Minimum registration deadline is  
October 17, 2019

To register: [www.vtemsconference.com](http://www.vtemsconference.com)
